AP 考试分数

AP 分数是学生对学科知识与技能掌握程度的标准化衡量。

Final score	Description	University grade equivalent
5	Extremely well qualified	A+ or A
4	Well qualified	A-, B+ or B
3	Qualified	B-, C+ or C
2	Possibly qualified	----
1	No recommendation	----

- AP[®] Exams are administered over **two weeks in May** every year.
- An **AP score** is a weighted combination of a student's scores on the free-response and multiple-choice sections of the exam.
- Most colleges and universities in the U.S. and many in Canada grant credit and placement for scores of 3, 4, or 5; allowing students to skip the equivalent course once they get to college.

“**Qualified**” means that students have proven themselves capable of doing the work of an introductory-level course in a particular subject at university.
